Any athlete aged 18 or 19 years on 31 December in the year of the competition (e.g. for the 2019 Championships, born in 2000 or 2001) may compete in any event except the Marathon and 50km Race Walk.

##### 3.2.2 U18 Athletes

Any athlete aged 16 or 17 years on 31 December in the year of the competition (e.g. for the 2019 Championships, born in 2002 or 2003) may compete in any event except the throwing events, the Combined Events, 10,000m, Marathon and the Race Walks.

##### 3.2.3 Athletes Younger than 16

No athlete younger than 16 years of age on 31 December in the year of the competition (e.g. for the 2019 Championships, born in 2004 or later) may be entered.

#### 3.3 Participation Principles

### 3.3.1 General

World Athletics shall establish the ideal number of athletes (and relay teams) to start in each event of the Championships. This number will include **qualified** and **unqualified** athletes (and relay teams).

**Individual athletes** can qualify in one of four ways:

Automatically by achieving the Entry Standard within the qualification period in accordance with criteria decided by World Athletics (see 3.3.2)

Based on the finishing position at designated competitions (see 3.3.3)

By Wild Card (see 3.3.4)

As a result of being one of the best ranked athletes as per the Top Performance Lists within the respective qualification periods (see 3.3.5). This does not apply to the 10,000m, Marathons and Race Walks where entries will continue to be administered by Entry Standards only

As a result of being one of the best ranked athletes as per the Top Performance Lists within the respective qualification periods (see 3.3.5). This does not apply to the 10,000m, Marathons and Race Walks where entries will continue to be administered by Entry Standards only

**Relay teams** can qualify in one of two ways:

Automatically as being one of the first ten placed teams (twelve in the Mixed 4x400m) at the World Athletics Relays held in the same year the World Athletics Championships.

As a result of being one of the best ranked teams at the end of the qualification period to fill the remaining places (see 3.3.5).

**Unqualified athletes and teams** (including host country) can participate subject to certain conditions (see 3.3.6).

### 3.3.2 Qualification by Entry Standards

There shall be one Entry Standard for each individual event. World Athletics shall publish the Entry Standards and relevant criteria in the year preceding the World Athletics Championships as follows:

In January the year before for the 10,000m, Marathon, Race Walk and Combined Events

In December the year before for all other events.

### 3.3.3 Qualification by Finishing Position at Designated Competitions

Athletes shall also be considered as having achieved the Entry Standard in the following cases:

- The **Area Champions** in all the individual events (except for the Marathons). However, in the case of 10,000m, 3000m SC,

Combined Events, Field Events and Road Events, the entry will be subject to the approval of the Technical Delegates, based on the athlete's level. The Member Federation of the Area Champion will have the ultimate authority to enter the athlete or not, based on its own selection criteria. For details see specific Regulations at the end of the section.

- For the **10,000m**, the top 15 athletes finishing in the senior Men's and Women's races at the previous edition of the World Athletics Cross Country Championships.
- For the **Marathons**, the top ten finishers at the Gold Label Marathons held in the qualification period.

### 3.3.4 Qualification by Wild Card

World Athletics will accept the participation of the current **Reigning World Outdoor** Champion and that of the Winner of the **Diamond League** (in the corresponding World Athletics Championships events) in the same year when Diamond League held before World Athletics Championships or the Winner of the previous year's Diamond League if the Diamond League final is after the World Athletics Championships, and the leader (as the closing date of the qualification period) of the **Hammer Throw Challenge, Race Walking Challenge and Combined Events Challenge** as Wild Cards, in each individual event, on the condition that the athlete in question is entered by their Federation. If both are from the same country, only one of the two can be entered with this Wild Card. If a Member Federation has four athletes in one event as a result of this regulation, all four will be permitted to compete.

Any Member Federation having athletes selected under this rule will receive additional Quotas (see 4.1.) accordingly.

### 3.3.5 Qualification by Ranking (Top Performance Lists)

**Individual Events:** following the end of the qualification period, World Athletics shall assess the number of athletes having qualified in accordance with 3.3.2, 3.3.3 and 3.3.4 plus the requests for the participation of unqualified athletes (see 3.3.6). World Athletics shall then identify the athletes qualified by virtue of their position in the top performance lists and invite them through the respective Member Federation until the established ideal number of athletes by event is reached, respecting the maximum quota by Member Federation by event.

**Relays:** following the end of the qualification period, and knowing the Relay Teams that have qualified from the World Athletics Relays and those entered by the host **country**, World Athletics shall then identify the teams qualified by virtue of their position in the top performance lists and invite them through the respective Member Federation until the established ideal number of Relay Teams by event is reached.

### 3.3.6 Participation of Unqualified Athletes

Members who have no male and/or no female athletes who have achieved the Entry Standard or considered as having achieved the Entry Standard (see 3.3.2 and 3.3.3) or qualified relay team, may enter one unqualified male

athlete or one unqualified female athlete in one event of the Championships (except the Road Events and Field Events [see below], Combined Events, 10,000m and 3000m Steeplechase).

Members whose best athlete excels in a **Field Event or Road Event**, may submit to World Athletics, by the stipulated deadline, the name of their athlete plus performance they would like to enter. The Technical Delegates will decide whether or not to accept such entry and, to do so, may seek the opinion of the relevant Area Association.

If the **Host Country** of the World Athletics Championships does not have an athlete who has achieved the Entry Standard in an event, or a qualified Relay Team, it may enter one athlete (or Relay Team) in that event regardless, with the exception of the Combined Events and Field Events where the above shall apply.

### 3.3.7 Qualification Period

Starts 18 months before the Final Entries deadline for the 10,000m, Marathon, Race Walk, Relays and Combined Events;

Starts 12 months before the Final Entries deadline for all other events

## 3.4 Entry Rules

3.4.1 Member Federations can compete with up to three athletes in each event with the exception of the Relays (see 3.4.3) on condition that they are all qualified. A fourth athlete can compete as the Reigning World Champion or Diamond League Winner Wild card or Hammer Throw or Combined Events or Race Walking Challenge leading Wild card – see 3.3.4.

3.4.2 Member Federations can enter a **reserve athlete** in each event on condition that they have achieved the Entry Standard.

3.4.3 **Relay Teams** – A maximum of eight athletes may be entered for each Relay Team. Except for the Mixed 4x400m, all athletes already entered in the corresponding individual events (100m or 400m), including the eventual reserve, shall automatically count towards the six entries of the team. Any four athletes among those entered for the competition, whether for the relay or for any other event, may then be used in the composition of the team for the first round.

## 3.5 Preliminary Entries

World Athletics shall only accept Preliminary Entries received from the Member Federation. Preliminary Entries must be submitted using the On-line Event Entry System: <https://evententry.worldathletics.org>. The submission of Preliminary Entries will normally be possible from one month prior to the preliminary entry deadline which is four months before the first day of the World Athletics Championships. The entries shall indicate the number of athletes and officials as well as the anticipated travel dates and accommodation requirements.

## 3.6 Final Entries

The submission of Final Entries on-line for the competition will be possible from one month prior to the final entry deadline which is, normally, not later than two Mondays before the first day of competition (e.g. Monday, 16 September for a competition starting on Friday, 27 September), midnight Monaco time.

### 3.7 Final Confirmation of Entries

Unless otherwise specified in the Team Manual, for events held on the first day, Final Confirmation of Entries must be made before 12:00 (midday) two days before the first competition day and, for all subsequent days, before 9:00am on the day before the event.

#### 4.2.2 Accommodation

All participating athletes will benefit from full-board accommodation in twin rooms paid for by the LOC for a maximum of 13 nights, during the subsidised period of the World Athletics Championships (a supplement will be charged for single room occupancy).

#### 4.3 Competition Awards

Competition Awards will be paid subject to the procedure established by the Council.

Failure to do so may result in the application of financial penalties as detailed below. The penalties will be debited to the account of the Member with World Athletics.

##### 4.4.1 Respect of Deadlines

A penalty of \$1,000 USD may be imposed on any Federation which does not respect the Preliminary and/or Final Entry deadlines.

The top ten placed teams in the 4 x 100m and 4 x 400m events and the top twelve placed teams in the 4 x 400m Mixed event at the World Athletics Relays in the year of the World Athletics Championships shall automatically qualify for the World Athletics Championships. Such qualification shall be determined as follows:

Events without a Final B: the eight teams competing in the final, and those with the next best times in the first round. In the final, all participating teams must compete with bona fide effort, and if a team does not start in the final due to a medical reason, they must present a medical certificate from the Medical Delegate in order to guarantee their qualification for the World Athletics Championships.

Events with a Final B: the eight teams competing in the Final and the next best placed teams in the Final B. If one or more teams in the Final A do not start or do not finish or are disqualified, their qualifying place is taken by the next best placed finishers in the Final B.
